The Amazon APIs. We have several AWS modules running in PHPNuke

2007-05-19 08:28:36 by nukeevangelist

The Amazon APIs. The scripts are described in a book: www.awsbook.com

see also a great site for [Amazon web services](#) :: Jaap's free Amazon PHP Scripts - some very promising scripts - ready to port over to phpnuke (Arnoldkrg ported over one of these...)

Jaaps [Amazon web services](#) page describes PHP scripts that can interface with the XML version of Amazon's Web Services (AWS). It also contains links to more information about PHP and AWS and to sites with other scripts.
Travel over to the [Amazon web services](#) site - get insights, get free code and get help in porting over the mods to PHPNuke - eg at the [forums](#)
