Content Plus 2.0.5 Released, Download It Right Now!!!

2007-07-10 18:45:22 by slaytanic_wehrmacht

Content Plus, the amazing replacement module for PHP-Nuke, has just reached version 2.0.5 and it's awaiting for you to start using it, users of previous versions are encouraged to always update to the latest and greatest version available.

Changelog for this release:

* Continued XHTML1.0 compliance everywhere
* Corrected a lot of typos
* Fixed broken links
* Modified some icons
* Enhanced some functionality of the admin area
* Plus more
