

Nicely Done Drakken

2008-07-17 12:28:29 by papamike

Ahhh, someone finally broke free of the traditional Nuke theme and created something that fits today's web designs. Something that doesn't scream Nuke as soon as you enter the site. The new drakken theme is excellent. Gives me some incentive to follow suit as I am always exploring new ways in theme design.
