PHP-NUKE 7.5 phpBB USER GROUPS INTEGRATION

2004-09-17 16:29:11 by spcdata

I have updated PAL-Groups to work with PHPNuke 7.5!!

This tweak of the core PHP-Nuke engine will get it to recognise the user groups that are created in your phpBB Forums in the following areas:

- Blocks
- Set blocks to be visible only to phpBB User Group Members
- Messages
- Set messages to be visible only to phpBB User Group Members
- Modules
- Set modules to be visible only to phpBB User Group MembersAnd there is more.... I have updated the Modules Tweak to work with PHPNuke 7.5 The core files is from PHPNuke 7.5

And I have made a all in one package of:

- Pal Conditional_Blocks
- Pal Groups
- Modules Tweak

This is for PHPNuke 7.5 only all the core files is from version 7.5

Everything is already integrated.
Read the README_Install.txt before doing anything and do BACKUPS of all your files an databas!!!

Download them here: www.nextnet.se no registration required
