

## New RSS Feeds at NukedGallery.net

2005-03-17 16:18:38 by dmlavi

After stumbling along with old versions of RSS feeds (0.91 and 1.0) for the news and forums at [NukedGallery.net](http://NukedGallery.net), I've finally updated both feeds to RSS 2. (The old feeds will continue to be available for a little while, but will eventually be removed). The new feeds can be found here:

[News Feed](#)

[Forums Feed](#)

Special thanks to Brennan Stehling for inspiration for this code.

If you want the code for this, please PM me. If there is a high enough demand, I will post it in the download section at NukedGallery.net.
