

Ported Mods Under New Ownership

2005-04-09 07:04:28 by Raven

Due to circumstances beyond my control, I no longer own portedmods.com. It is under new ownership and control. Please continue to support it as you always have. The new owner owns/runs other phpnuke sites. I have no further information as to what plans the new owner has. Please submit all questions to him (username admin) concerning this at <http://portedmods.com>. Due to health reasons and my regular job I was just not able to do justice to portedmods.com. Hopefully under the new ownership the site will once again thrive :)
