

phpESP running as PHPNuke-module - online demos available

2005-05-03 22:36:02 by nukeevangelist

eric von nettrade.nl has done a port of the famous phpESP:

Now it runs as a PHP-Nuke, NukeCommerce and osc2numodule - enhancing your portal!

The phpESP-survey-tool as a phpnuke-module: the [versatile phpESP Survey script \(demo\)](#) a great and featurerich [Survey-script \[phpESP = easy Survey & Poll\]](#) developed at SourceForge recently was portet to PHPNuke.

eric from nettrade.nl did a port: First see some demos of the module.

- [vietnam campus-site](#)
- [hebrew science-site](#)
- [educational site](#)
- [educational site \[portugal\]](#)
- [swedish site](#)
- [Educational site](#)

eric from nettrade.nl did a port of the module. The enhanced and improoved [phpESP-Version \[easy Survey & Poll\]](#) now is included as a PHP-Nuke-module. please travel over and [download it here](#) :: Authorcontact: Eric Esselink NetTrade BV <mailto:eric@nettrade.nl>
