

Gallery v1.5-PL1 and 1.5.1 RC released - more security n´ more features

2005-08-31 09:31:34 by nukeevangelist

[News from the Gallery-team at Menalto](#)

well again it is time to celebrate the great **network of innovation**! PHPNuke can rely on hundreds of very strong, viable and healthy development teams that ensure the great success of the leading CMS! Celebrate this great architecture of knowlege.

[New Gallery v1.5-PL1 \(Patch Level1\) and Gallery 1.5.1-RC3 are now available for download:](#)

"The newest Version fixes several major security issues and it is strongly recommended that all users of 1.5 upgrade to this release immediately. Gallery 1.5.1-RC3 is also now available for download. This release fixes several small issues discovered in the second Release Candidate including the security problems found in 1.5, and should be the final release candidate before 1.5.1.

Links: get your copy of Gallery 1.5 PL 1 and Gallery 1.5.1-RC3 at [our SourceForge-Site](#)

please Visit [the 1.5.1-RC3 discussion thread to submit bug reports](#) or see a known issues list. Read more for the details at our developersite. The **more feedback** you give us now, the better the final version will be. Thanks for your continued support!"
