

Another Theme packs from ThaiNuke.net released

2004-03-19 06:52:09 by thainuke

I have just released 2 Nuke/phpBB theme packs (6.5 and up compatible). Included is the Nuke theme with matching phpBB template as well as a matching phpBB Forum center posts block.

- **Athena** a PHP-Nuke theme pack converted from Athena phpBB theme. (From the same developer of Aeolus, Eos, Helius(Gray) Nuke/phpBB theme packs)
